

LINUX FLIGHT DATA MONITORING

WHY SHOULD LINUX FDM BE ON YOUR RADAR?

- Identifies risks
- Maximizes operational efficiencies
- May reduce insurance costs
- No additional equipment needed
- Adherence to Standard Operating Procedures (SOPs)

MORE THAN FDM OPTIONS, LINUX PROVIDES FDM SOLUTIONS.

LinXus® gives you the option to choose from three Flight Operations Quality Assurance (FOQA) service providers.

SAFRAN ELECTRONICS & DEFENSE CASSIOPEE FLIGHT DATA MONITORING

For complete information and specs visit:
